C-BOOK

Under the guidance of

Mr. Shylesh B C(B.E,Mtech)

Presented By

Josten Fernandes (4MK16CS009)

Punith A Y (4MK16CS018)

Venu A S (4MK16CS035)

INTRODUCTION

- As we mentioned in phase 1 our project titled 'C-BOOK' is similar to facebook where we can search and watch news feeds.
- It creates a platform for posting and gaining necessary information about different colleges.
- Also students and lectures are updated and attentive about the details of each college.
i.e, What's going on particular college and activities of college.
- User will provided with separate panel for teacher and students.
- Both teacher and students can post any information or/and data.

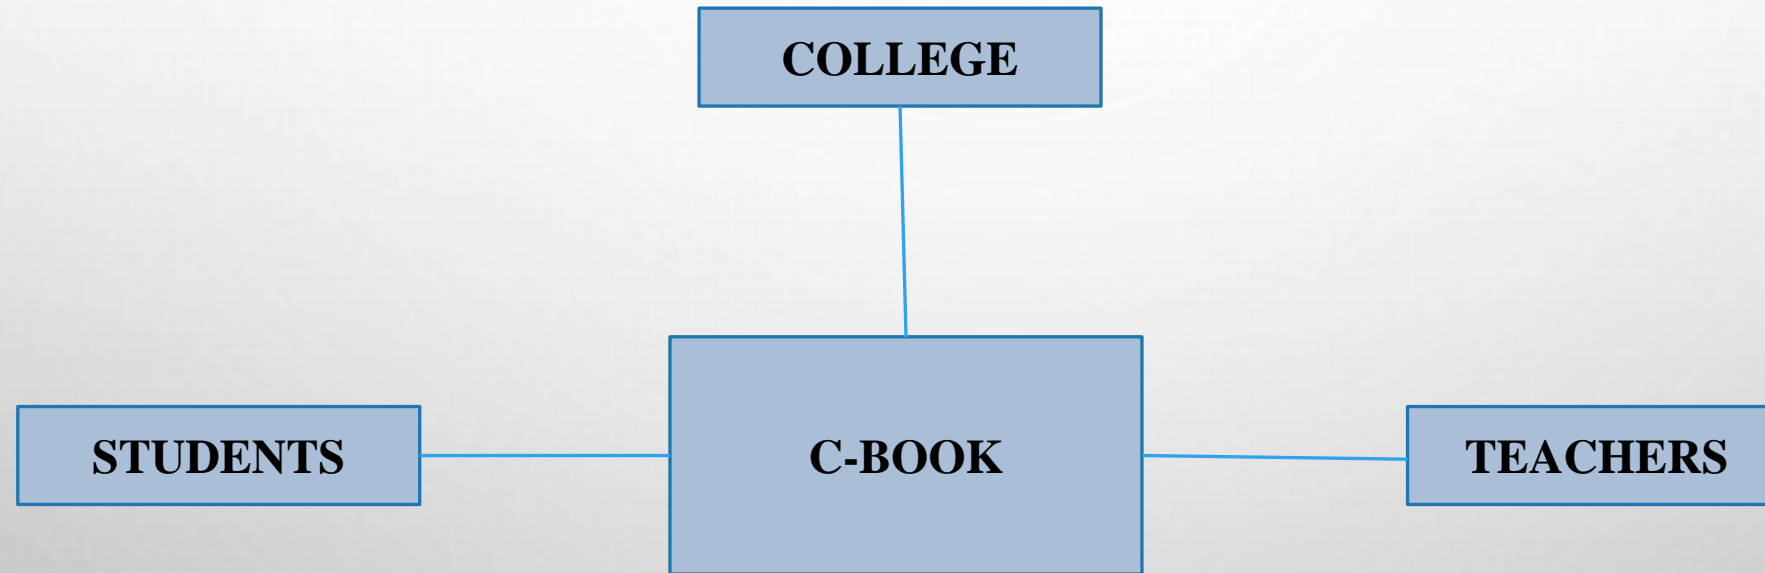

OBJECTIVE

- The intention of 'C-BOOK' is to get updated with latest newsfeeds of all the colleges and to publishing their college activities.

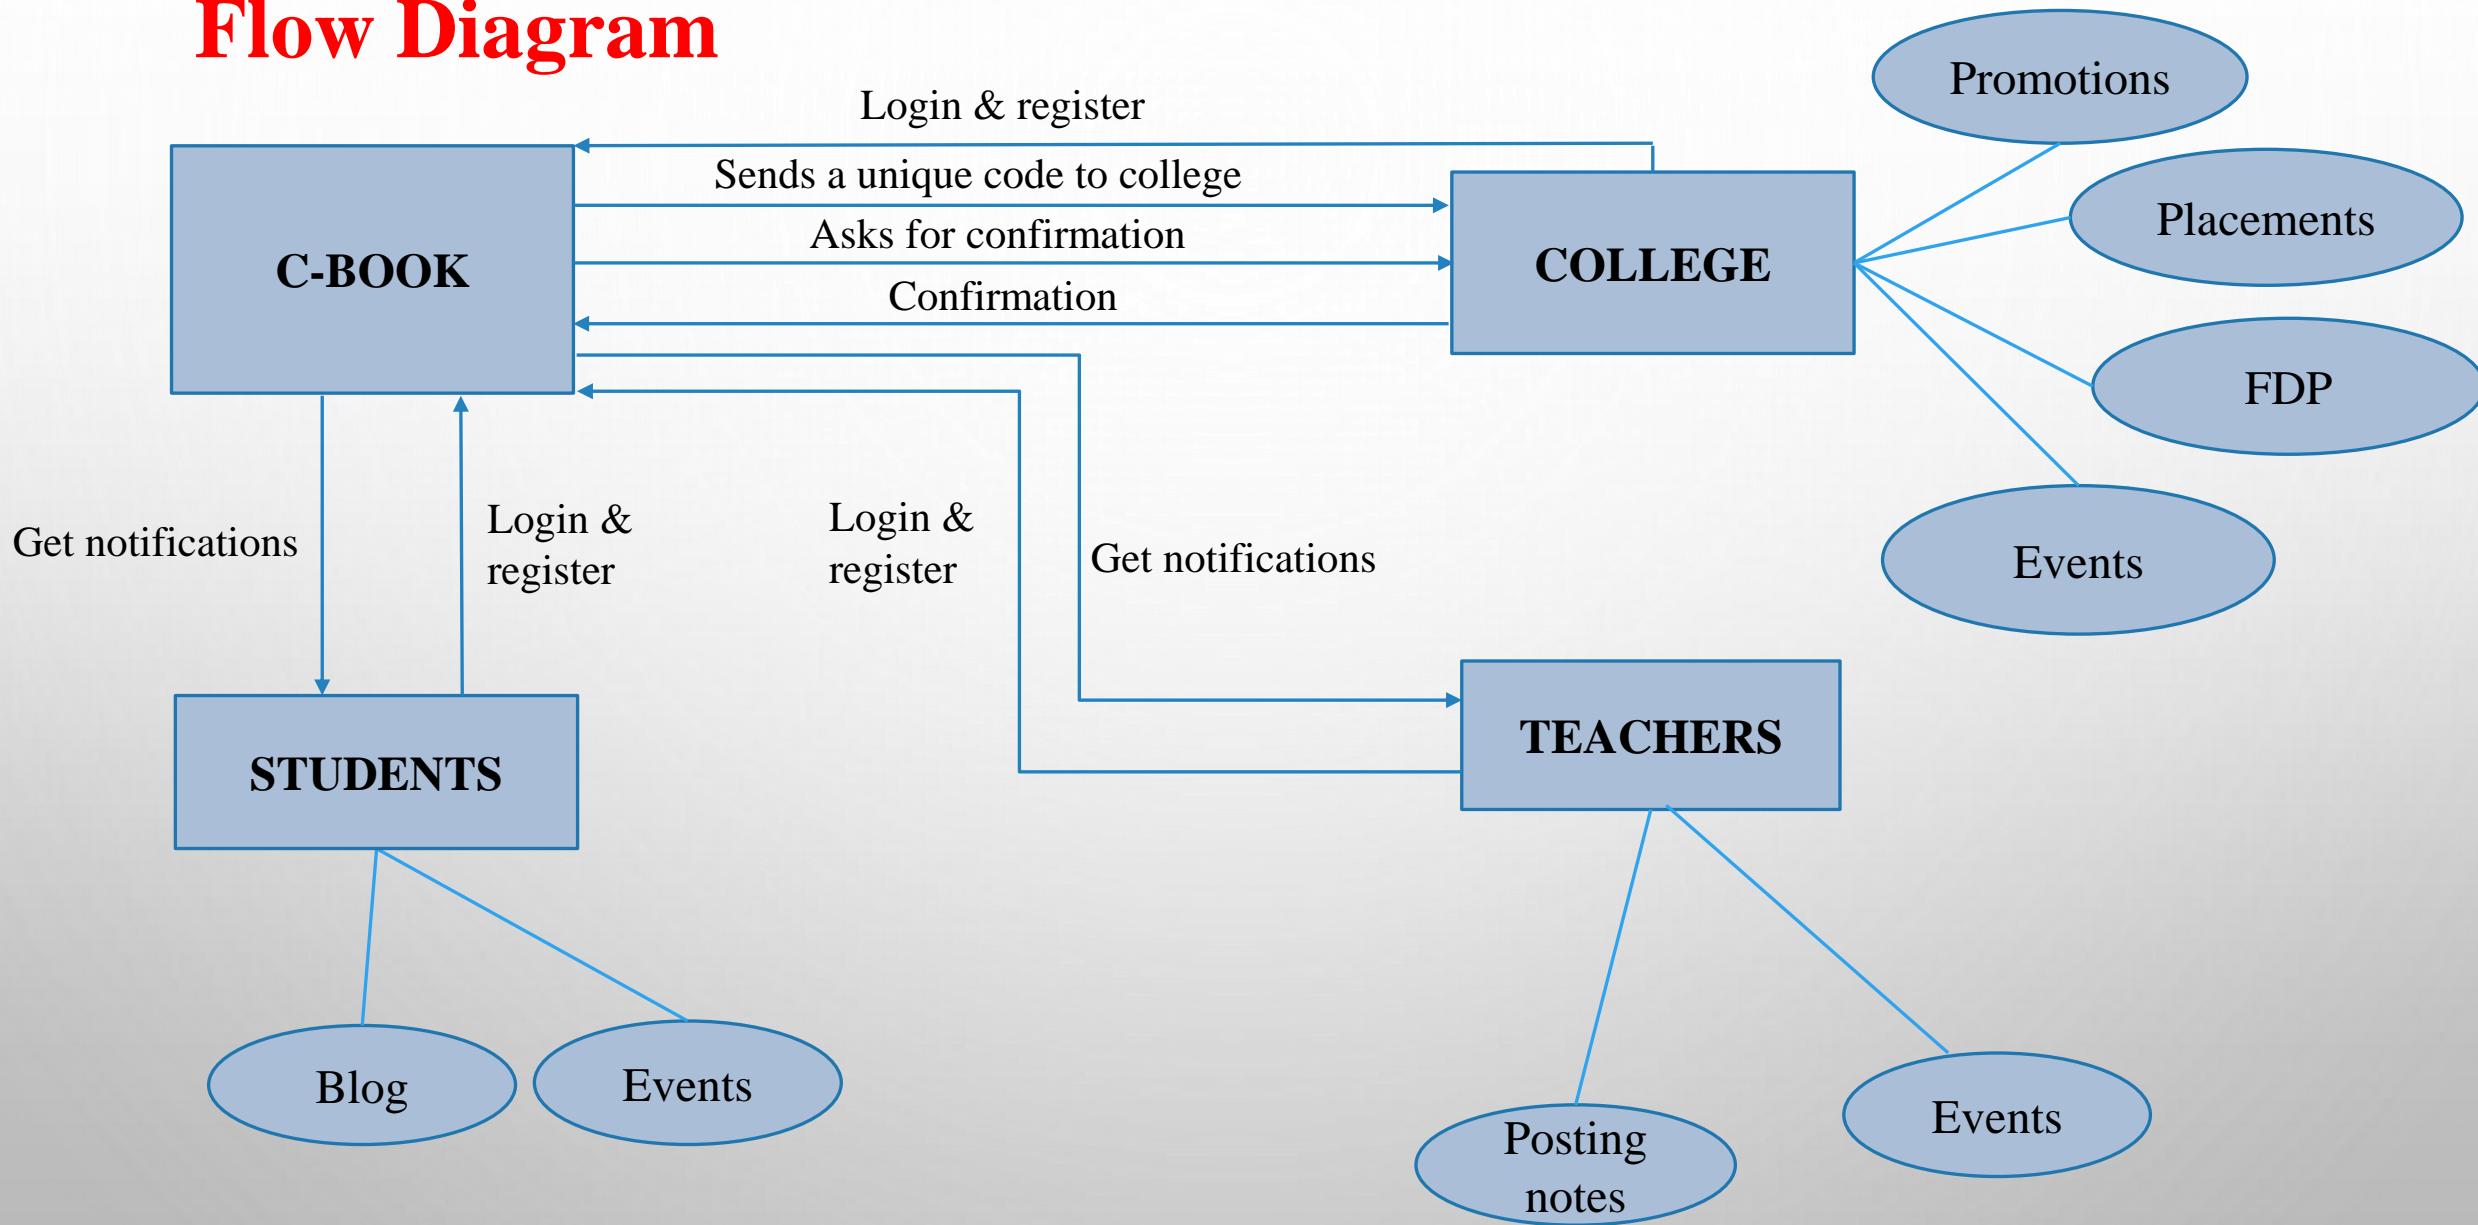

TECHNOLOGIES USED

- **FRONT END** : Angular js with HTML
- **BACK END** : Node js
- **DATABASE** : Mango DB
- MEAN technology is, used which is the best flexible tool for software development.
- MEAN stands for [mongodb](#), [express](#), [angularjs](#) and [node.js](#). It deals with a full stack javascript solution for building websites and web applications. From the database to the back-end code and the front-end code, everything is written using javascript.

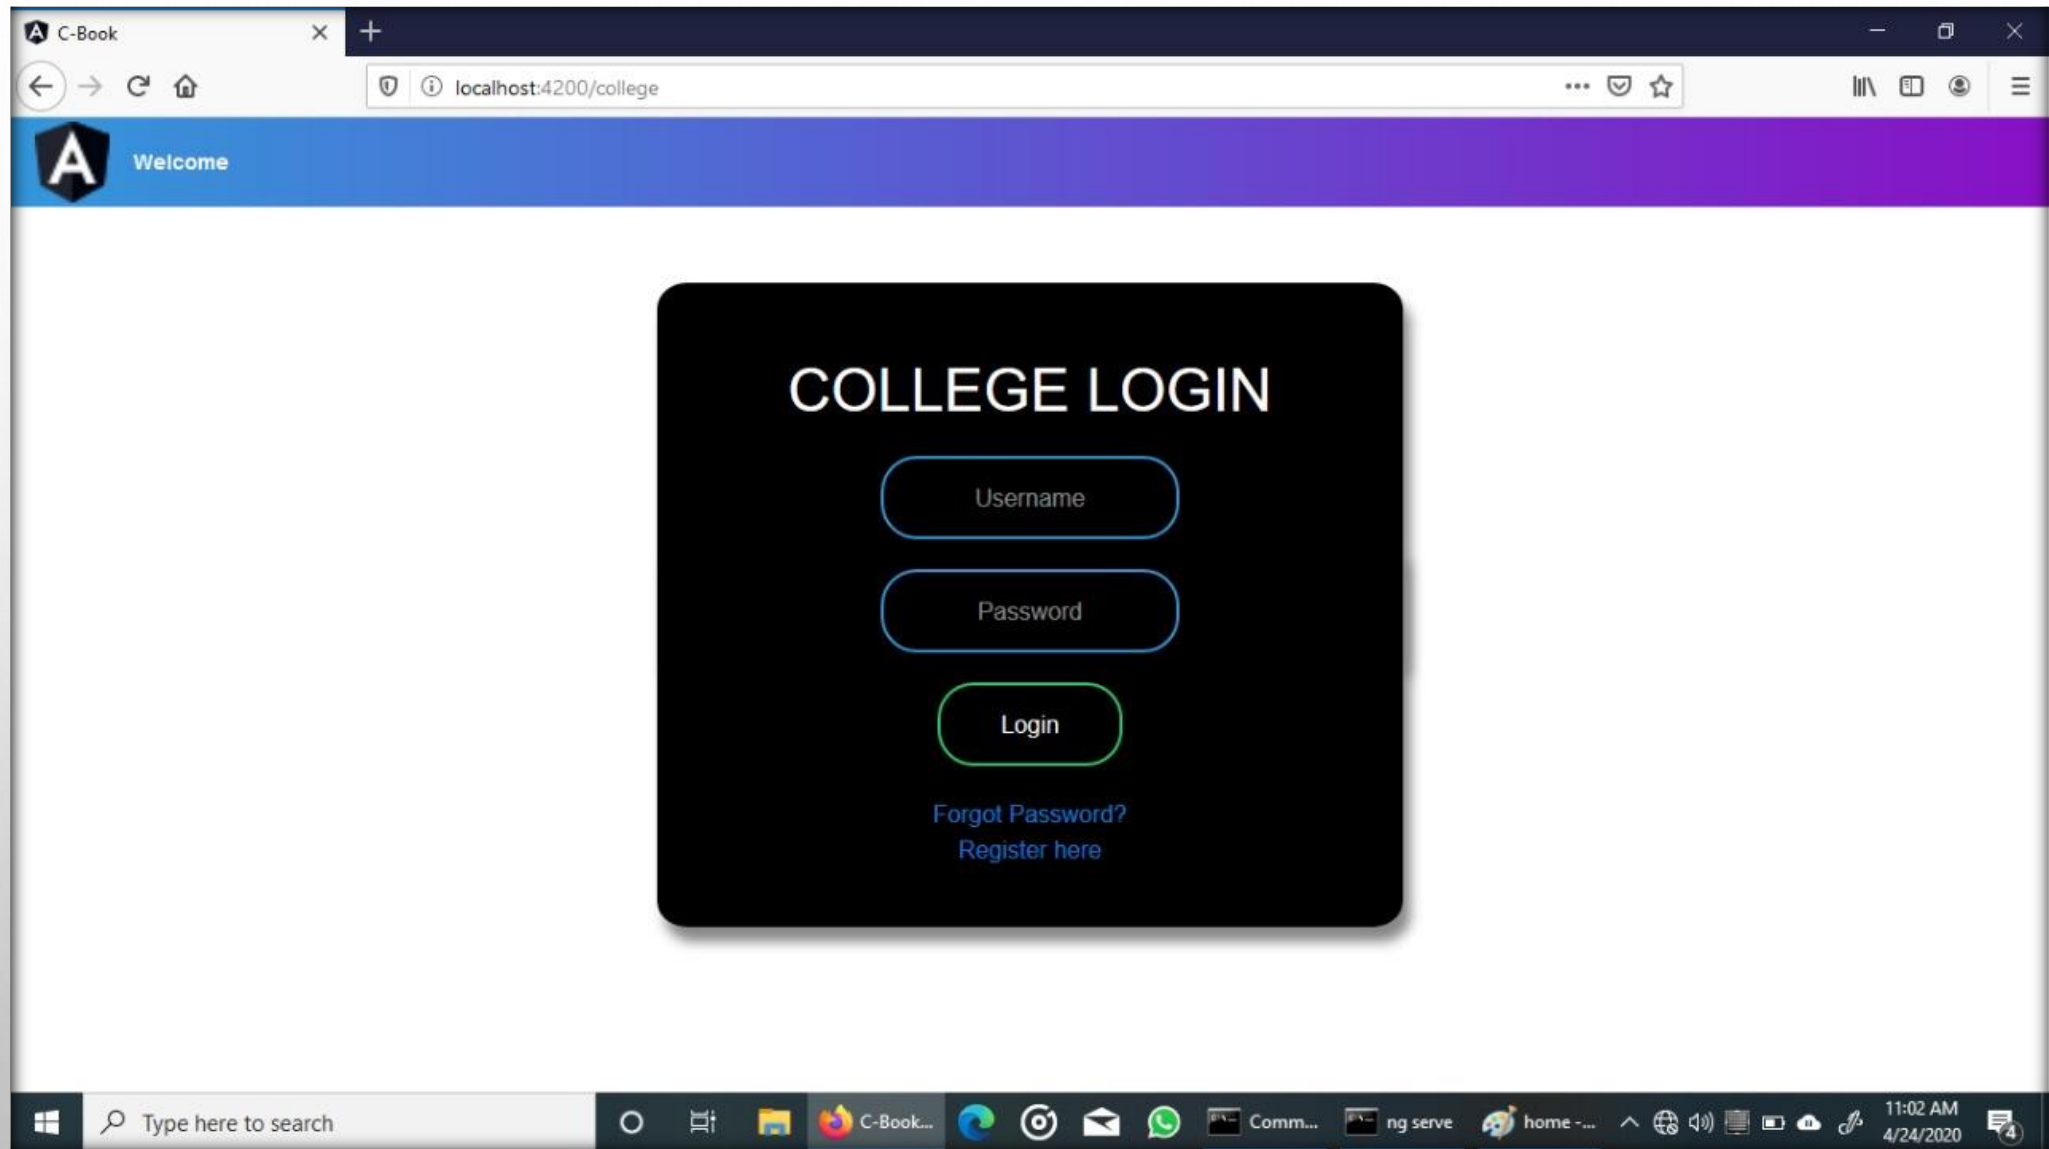

Fig 2. login page for different colleges

The screenshot shows a web browser window with the address bar displaying `localhost:4200/college/register`. The page has a blue header with a logo and the word "Welcome". The main content is a dark gray registration form with a red border. The form is titled "REGISTER YOUR COLLEGE..!" in blue text. It contains the following fields:

- College Name: A dropdown menu with the text "Select Your College".
- College Code: A text input field with the placeholder "Enter Your College Code".
- Name: A text input field with the placeholder "Enter Your Name".
- Phone Number: A text input field with the placeholder "Enter Your Phone Number".
- Email Id: A text input field with the placeholder "Enter Your Email Id".
- Password: A text input field with the placeholder "Enter Your Password".

At the bottom of the form is a green "Register" button. The Windows taskbar at the bottom shows the search bar and several open applications, including "C-Book - M...", "Command ...", and "ng serve". The system clock indicates 11:03 AM on 4/24/2020.
